SUMMARY

Frontend Developer experienced in **Next.js** and **Tailwind CSS**, focused on building fast, responsive, and user-friendly web applications. I have **hands-on experience developing backend features using Next.js API Routes (Node.js)**, working with **RESTful APIs** and **SQL databases**. Actively growing into a Full Stack Developer with a strong passion for clean code, performance, scalability, and secure application design.

EXPERIENCE

Frontend Developer

June 2025 – Present

Upstal

Dhaka, BD (Full-time) — SaaS Company

10xprofit (*Amazon Seller Platform*)

- Built and maintained scalable, responsive UI components using Next.js and Tailwind CSS.
- Implemented complex dashboard layouts and data-driven UI for Amazon seller analytics.
- Integrated RESTful APIs to display real-time sales, product, and performance metrics.
- Collaborated closely with backend engineers and product managers to refine features and improve usability.
- Optimized frontend performance through component reuse, state management improvements, and UI optimizations.

Frontend Developer

January 2025 – June 2025

CodeSurge

Dhaka, BD (Part-time) — Subsidiary of Upstal

PopSurge (*Customer Engagement Tool*)

- Developed the frontend for a popup message system using **Next.js** and **Tailwind CSS**.
- Managed backend integrations and data flow using **Firebase** and **Supabase**.

TestoTrack App (*Health Tracking Application*)

- Developed the frontend for the TestoTrack mobile application using **Expo (React Native)**.
- Implemented secure authentication and real-time database updates using **Firebase**.

EDUCATION

American International University-Bangladesh

Dhaka, Bangladesh

B.Sc. in CSE, Major in Software Engineering

Spring 2022 – Fall 2025

- **CGPA:** 3.62 / 4.00

PROJECTS

Velopage

Oct 2025 - Present

(Shopify Product Page Builder)

- Built and maintained the entire frontend using Next.js and Tailwind CSS.
- Created reusable UI components and responsive layouts.
- Worked with Next.js API Routes to implement basic backend features and integrations.

MJ Properties

Sept 2025 - Nov 2025

(Dubai Real Estate Platform)

- Developed and maintained **full-stack features** using Next.js.
- Implemented backend REST APIs using **Next.js API Routes (Node.js)** for property listings.
- Integrated **Supabase (PostgreSQL)** for authentication and secure data storage.

Hattim

Nov 2025 - Dec 2025

(Online Toy Car Store)

- Designed and developed the entire platform as a **full-stack application** using Next.js.
- Built backend APIs using **Next.js API Routes (Node.js)** for products and orders.
- Used Prisma ORM with PostgreSQL for scalable and secure database operations.

Zafra

University Major Project

(Perfume E-commerce Shop)

- Collaborated in a group to develop a full-stack perfume shop using **Next.js** and **NestJS**.
- Built a robust backend using **NestJS** and **PostgreSQL** with RESTful API architecture.
- Implemented secure authentication using **JWT**, including Guards and protected routing.
- Integrated **MailerJS** for automated email notifications and order confirmations.

TECHNICAL SKILLS

Languages: TypeScript, C++, SQL (PostgreSQL), HTML/CSS, Dart

Frameworks: Next.js, NestJS, Flutter, Expo, Prisma ORM

Backend/BaaS: Node.js, Next.js API Routes, NestJS, Supabase, Firebase, RESTful APIs, JWT

UI: Tailwind CSS, shadcn/ui

Developer Tools: Git, VS Code, Cursor AI, Antigravity
